

LOCAL SEARCH AGENCY SERVICES

More Customers Walk Through Your Door.

*Google Business Profile Optimization & Local SEO
Managed for Restaurants. So You Can Focus on the Food.*

Your restaurant is already being searched, let's make sure customers choose you.

The Hidden Cost of an Ignored Profile

Most restaurants are invisible online, even when hungry customers are actively searching for them.

64%

of consumers lost trust in a business
after finding incorrect info online

3 sec

is all it takes for a potential diner to
click your competitor instead

88%

of local mobile searches result in a
call or visit within 24 hours

We fix this, and keep it fixed, every single month.

The Results Speak for Themselves

Restaurants with optimized Google profiles consistently outperform those without.

7×

More clicks for complete vs. incomplete profiles

+42%

Increase in direction requests after optimization

+35%

More website clicks from local search

+28%

More phone calls from Google Business Profile

For restaurants, this translates directly to more reservations, more walk-ins, more online orders, and more loyal regulars... all from customers who were already looking for you.

What We Do For You

A complete, done-for-you local presence service

Accurate Business Info

Name, address, phone, website — verified and consistent across Google and all major directories.

Photos & Visual Appeal

Professional photo curation: interior, exterior, and dish photography to attract more clicks.

Hours & Contact Updates

Opening hours, holiday hours, and contact details always current — no more frustrated customers.

Reviews & Reputation

Monitor and respond to every review, run generation campaigns, and proactively manage your online reputation.

Google Posts & Events

Regular posts for specials, events, and promotions that keep your profile active and engaging.

Menu Management

Keep your menu accurate and up to date on your profile — dishes, prices, and seasonal changes reflected in real time.

Directory Consistency

Your info synchronized and accurate across Google, Bing, Facebook, Apple Maps, and 50+ directories.

Rank Tracking & Reporting

Monthly plain-English reports on local rankings, profile views, calls, and direction requests.

Local SEO Tuning

Strategic category selection and keyword-rich descriptions to rank higher in local search.

How It Works

Simple. Fast. Ongoing.

Full Profile Audit

We audit everything (info accuracy, photos, menu, reviews, and local rankings) then rebuild your profile from the ground up in the first month.

Ongoing Monthly Service

Regular Google Posts, review responses within 24 hrs, menu and hours updates, directory sync, and continuous local SEO tuning, all handled for you.

Monthly Report

A plain-English report each month showing your visibility, calls, clicks, and direction requests. Clear results you can act on.
